

AKITABOX FCA SOFTWARE

The future of facility condition assessments is here

FEATURES

- Reporting & Analytics
- Capture Mobile App
- Cost Management
- Capital Management
- + Cost Data
- + Lifecycle Data

**Customizable
to Your Facility**

BENEFITS

powered by 

RSMeans data
from 

 AUTODESK
REVIT

Standardize the FCA process for more consistent, comparable results year over year

Incorporate updated condition data into your facility management processes

Conduct FCAs more quickly and efficiently thanks to easy-in-the-field data capture and automated reporting

No more bulky, hard-to-navigate paper FCAs - easily access all of your data digitally

WHAT MAKES AKITABOX FCA SOFTWARE DIFFERENT?

- ✓ Immediate visibility into every aspect of your FCA results
- ✓ Visual platform that connects the final FCA report to your floor plan and assets
- ✓ Connect your FCA results and day-to-day facility management data in one platform
- ✓ Keep your FCA data current year after year
