

# AKITABOX FCA SOFTWARE

The future of facility condition assessment software is here.

## FEATURES

- Reporting & Analytics
- Capture Mobile App
- Cost Management
- Capital Management
- + Cost Data
- + Lifecycle Data

**Customizable  
to Your Facility**

## BENEFITS

powered by AWS

RSMeans data  
from GORDIAN

AUTODESK  
REVIT

Standardize the FCA process for more consistent, comparable results year over year

Incorporate updated condition data into your facility management processes

Conduct FCAs more quickly and efficiently thanks to easy in-the-field data capture and automated reporting

No more bulky, hard-to-navigate paper FCAs - easily access all your data digitally

## WHAT MAKES AKITABOX FCA SOFTWARE DIFFERENT?

- ✓ Immediate visibility into every aspect of your FCA results
- ✓ Visual platform that connects the final FCA report to your floor plan and assets
- ✓ Connect your FCA results and day-to-day facility management data in one platform
- ✓ Keep your FCA data current year after year
